Picket Detail

NB : Standard colours available in limited stocks of Pearl White and Primrose Gloss. A wide variety of non-standard colours are available at an additional charge.

Specifications

Deco Picket® is all manufactured using 40mm x 40mm x 2.5mm RHS aluminium horizontal rails, with 65mm x 16mm x 1.4mm aluminium pickets welded to the front face approximately 60mm apart. These are topped with cast aluminium picket heads to give an authentic cottage feel. As a fully pre fabricated product installation is a breeze and being made from long lasting powder coated aluminium ensures low maintenance without the need for painting.

Gate Widths shown above are actual manufactured size, fitting size needs to include hinges, latches and posts allowance.
