FENSCREEN® CLASSIC

Tried. Tested. Trusted.

Classic is the reliable foundation of the Our Town Fenscreen range. Made with Bluescope's Colorbond® steel, it is built for Aussie conditions and everyday performance.

Available in all OUR TOWN FENCING profiles

Mirrascreen® Profile: The rolling wave like fence profile – neighbour friendly, with the same look both sides.

Trimscreen® Profile: The original metal fence profile - wide flats with ridges on one side & valleys on the other.

Sawscreen® Profile: The distinctive 'saw' or zig zag fence profile – rising to a point, then dropping to a valley.

Lapscreen® Profile: The offset or paling like fence profile – neighbour friendly balance on both sides.

The choice is yours. With over 25 colours in stock, we offer a style that suits your next fencing project.
