## Specifications

Ozsafe Steel Security Fencing and Gates are manufactured using pre-galvanised 25mm x 25mm x 1.2mm RHS. The Aluminium is manufactured using Alloy 6106T6 25mm x 25mm x 1.4mm RHS. Both have a crimped top spear punched through 40mm x 40mm x 1.6mm (Ally x 2.0mm) RHS rails at 140mm centres and spot welded in position. Ozsafe Security products can be powder coated in a huge range of colours to suit your application. Gate widths shown above are the actual manufactured size, fitting size needs to include: hinges, latches and posts allowance. † Custom gate widths also available.
