Our Town Fencing is the leading manufacturer of quality metal fencing products to the Australian Market. Catering for domestic, industrial and commercial applications. We have dedicated our business, entirely to Manufacture & Supply of first class products. All installation enquiries that we receive are passed onto our extensive base of Trade Customers.

As the leading fencing manufacturer in Australia, we have developed a fully automated LEAD REFERRAL system, which distributes installation enquires daily by either email or fax. Our Town Fencing generates these enquires in a multitude of ways eg web, advertising, store locations, radio, trade shows and the list goes on. All details of each lead are kept in our specialized program allowing us to continually review and improve on this vital service we provide to both our public and trade customers. If you would like to be a part of this dynamic program, read the information on our website below.
